AN ACOUSTIC VIOLIN, AN ELECTRIC VIOLIN, A VOICE

A ONE-PERSON ORCHESTRA OF SENSITIVITY BETWEEN POETRY AND MUSIC

LES VIOLONS D'ANAÏS

ARTISTIC PERFORMANCE

DURATION: 1H20

Anaïs Laffon

Music and poetry

Style: Alternative classical

Types of venues: concert halls, churches, guinguettes, third places, media libraries, conservatories, private events…

An acoustic violin, an electric violin, a voice!
A one-person orchestra where three companions tell their story and draw us into a bubble, a suspended moment where imagination and striking realities intertwine.
This encounter between looper technology and classical music reveals a carefully crafted blend of textures and colors.
Interwoven melodies, softness, joy, intensity, and rebellion.
Technical and sensitive, through original compositions, Anaïs Laffon invites us to resonate with her on the strings of her violins.

A concert performance for everyone, to (re)discover the violin and be carried away by the magic of sensitivity through words and melodies.

The show can also include a masterclass.
